Mayne Island Museum

Small but mighty, the Museum is in what was once the Plumper Pass Gaol (1896). Loaded with artifacts, this is a must-visit attraction!

Open Saturdays May through August, 10 am – 1 pm, and by request.

Mayne Island Agricultural Hall

Mayne Islanders and visitors love the Agricultural Hall, the oldest Hall in the Southern Gulf Islands.

Still owned and run by the community, the hall is a beautiful venue for any event. The grounds and band shell offer an excellent outdoor space that can be booked as well.

Celebrating Community, Growing Together

As we gather once again for the Mayne Island Fall Fair, we honour the longstanding dedication of the Mayne Island Agricultural Society. For decades, the Society has been at the heart of our island, nurturing our agricultural traditions and fostering community spirit.

At the Mayne Island Collective, we recognize the invaluable contribution of the Agricultural Society to our island life. This commitment to preserving our heritage and promoting a vibrant community aligns perfectly with our mission to create an age-friendly environment where everyone can thrive.

We extend our heartfelt gratitude to the Mayne Island community for supporting the Collective's initiatives aimed at helping people of all ages to age in place with dignity. Together, we are building a stronger, more inclusive community where everyone has the opportunity to flourish.

Join us at the Fall Fair as we celebrate the spirit of community and continue to grow together. Together, we can make a difference.

The Mayne Island Collective is a program of the Mayne Island Assisted Living Society.

FOOD SAFETY

Food Preparation Reminders to Prevent Food-borne Illnesses:

Keep Cooking Areas Clean

- Wash hands and surfaces often.
- Thoroughly wash hands, utensils, cutting boards and work surfaces.
- Thoroughly wash fruits and vegetables before using.
- When preserving and canning, sterilize jars before use.

Separate It

- Don't cross-contaminate.
- Prevent cross-contamination by using separate cutting boards for meats, poultry, fruits, vegetables and breads.
- Clean cutting boards in the dishwasher or scrub with hot water and detergent after each use.

Cook It

- Cook products to recipe recommended times.
- When preserving, processing times are given for a specific jar size in each recipe.
- Follow the recipe to ensure full processing time for a safe product.

Bernardin publishes an excellent home canning and preserving book – "**A Guide to Home Preserving**", Bernardin of Canada Ltd., Etobicoke, Ontario, M8Z 5V5.

After food is displayed at the fair it should be discarded. Exhibitors should not eat opened canned goods, jams, jellies or baked goods that have been on display.

CANNING AND PRESERVING

- Entries must have been canned since last year's fair.
- All canning entries should be:
 - sealed in standard home canning jars. 1 pint (568.26 ml), 1 quart (1136.52 ml)
 - jams and jellies (250 ml - 375 ml or 8 - 12 oz)
 - pickles and relishes (250 ml - 500 ml or 8 - 16 oz, or 1 pint)
- Any standard canning jars (i.e. Mason, Kerr, Ball Bernardin, Gem, etc.) may be used as long as they are free of chips and cracks. Use new lids and rings with a metal snap lid. Leave metal ring on the jar to prevent spills after judging.
- **The use of wax for seals of jams or jellies is not acceptable. Unsealed jars will be disqualified. (Exception: Freezer Jam, dried fruit, smoked or fermented products).**
- Entries must be correctly labelled, including full date processed. Name to be on the bottom of jar.
- Jars previously used for brand name products (i.e. mayonnaise or cheese whiz) must not be exhibited.
- Do not top jar with cloth or other decorative covers. The class is not judged based on decoration.

Mayne Island Conservancy

HAPPY FALL FAIR!

The Fall Fair is a time to celebrate nature's bounty, and it reminds us to do more to conserve the natural environment of Mayne Island.

Did you know Mayne Island has one of the lowest percentages of protected land in the Southern Gulf Islands?

The Conservancy is committed to protecting 30% of Mayne Island by 2033 through: land acquisitions, landholder agreements, and mitigating the fallow deer problem.
